Schön Beauty

Schön Beauty & Relaxation at Poole Audi offers a full range of beauty treatments that relax, refresh and rejuvenate your mind, body and soul.

The concept of Schön originated from the Managing Director of Ocean Automotive, David Kelly. When designing the stunning new Poole Audi showroom he wanted to offer something new and visionary to his customers. Something that made any necessary waiting time on site enjoyable, and an asset that could encourage customers to visit the showroom autonomously.

Working with high-end interior designers, Schön Beauty & Relaxation at Poole Audi was created – a high specification beauty salon born from the original idea that customers who may be waiting on site, for a service to their Audi for example, could enjoy a complimentary beauty treatment whilst their vehicle was being attended to.

Since its conception Schön Beauty & Relaxation at Poole Audi has developed a comprehensive beauty and pampering offering for ladies and gents alike in this world-class facility.

Now promoted as an independent entity, not only for Poole Audi customers, this is a beauty salon that offers the best in treatments and therapy and boasts products from Decléor, OPI, Lava Shell and Gelish®.

Our Beauty Salon Partners

DECLÉOR

For more than 40 years, Decléor has led with its visionary approach to beauty, and the trusted expert and innovator in aromatherapy skincare. Combining nature's purest and most potent active ingredients, Decléor scientifically selects and masterfully blends premium Essential Oils to deliver for each skin need, targeted and proven skincare solutions. OPI

OPI is an important distributor of professional and high quality hand care, nail care and skin care. OPI introduced Infinite Shine which is a nail lacquer system that offers a gel-like, shiny finish - no LED or UV light required. OPI Infinite Shine offers a range of bold and bright tones, which will see you through all seasons! Infinite Shine basecoats and topcoats are available to enhance a shiny, even finish. The Infinite Shine system offers a long-lasting colour and shine, which wears up to 10 days! *OPI ProSpa brings the quality and efficacy of facial skincare to premium products developed specifically for hands and feet. OPI ProSpa introduces the first and only professional salon skincare line.*

The special formula primes your nails, adds depth and intensifies colour - whilst giving you a mirror-like finish. Shine lasts until it's removed, easily removed - without having to soak your nails. Removes like OPI nail lacquers. Wear on your natural nails, or over acrylic and gel enhancements.

HARMONY GELISH®

Harmony Gelish® understand that nothing is more important than the tools of the craft and nothing is more challenging than product inconsistencies. It has been and always will be that quality is the number 1 priority. Gelish® was the first brush-in-bottle gel-polish ever invented. The US and International patented formulation proves that fact. The fact that millions and millions of bottles have been sold to and reordered again and again by thousands of salons is further proof. So, the fact is, the innovative Gelish® system, still the best on the market no matter who else followed, continues as the one most trusted by nail techs worldwide.

LAVA SHELLS

Lava Shells has been successful with both therapists and clients; clients are enjoying the warmth of the shells and our therapists are able to see the benefits of working with the hot shells. Many clients are familiar with the concept of hot stone massage, the treatment is widely used throughout the spa industry. Schön wanted a treatment with a point of difference offering key results for our clients. With the ability to work deeper into the areas of muscle tensions with the hot shells and smooth any inflammation by cooling the area after with cool shells, clients find the effects of the massage are longer lasting.
